V. STUDY SESSION

Parks & Recreation Commission Meeting Minutes

1. Parks and Recreation Area Design Standards Manual

Ms. Summers provided the commission with a presentation reflecting the history and the proposed changes to the Parks and Recreation Area Design Standards Manual (PRADSM).

Commissioner Arellano requested staff provide the commissioners with a copy of the data points and impact from surrounding communities used during the PRADSM drafting process.

Mr. Tim Campbell, from FICO, commended the Town of Sahuarita and the Parks and Recreation Department for their continued development of Town parks over the years. Mr. Campbell expressed concerns that increasing the fees and the acres per 1000, would slow economic progress within the Town limits. Mr. Campbell feels that the current standards are fine, and suggested we work on a short term solution to bridge the gap until future residential developments begin in 10 -20 year. Mr. Ben Garcia of Southern Arizona Home Builders Association (SAHBA) also feels that he would like us to leave the requirements as they are, just simplify the existing document.

Commissioner Luna asked for commission concurrence to include the commission in the review and recommendation process of the in lieu fees and any facility or land to be turned over to the Town - the commissioners all expressed they are in agreement with Commissioner Luna.

The next two public meetings on the PRADSM are September 6, at 6 pm in Council Chambers and September 19, at 7:30 pm at Anamax Park.
